Prophylaxis & Periodontal Therapy · Scaling & Root Planing · Digital Radiography · Itero 3D Scanning · Local Anesthesia · Sealants & Fluoride · Patient Education · Anxiety Management · Medical History Assessment · Dentrax & Eaglesoft · CDT/CPT Coding · HIPAA Compliance

PROFESSIONAL EXPERIENCE

Registered Dental Hygienist

Burlington Center Dental Associates · Burlington, MA · Oct 2022 – Jul 2025

- Delivered comprehensive periodontal care to 12-15 patients daily, achieving 98% patient satisfaction through personalized treatment protocols and education
- Performed advanced scaling, root planing, and periodontal maintenance procedures across full spectrum of periodontal conditions
- Leveraged Itero 3D scanner for case presentations, significantly increasing treatment acceptance through visual patient engagement
- Conducted thorough medical history assessments, coordinating care modifications for patients with diabetes, hypertension, and cardiac conditions
- Mentored 3 new dental assistants on infection control protocols and chairside procedures, improving team efficiency by 20%

Student Dental Hygienist – Clinical Rotations

Esther M. Wilkins Clinic & Partner Sites · Boston, MA · Sep 2019 – May 2022

- Completed 500+ hours of supervised clinical practice treating diverse populations: pediatric, geriatric, special needs, and medically compromised patients
- Developed specialized expertise in anxiety management using tell-show-do technique, achieving 100% treatment completion for previously non-compliant patients
- Collaborated with supervising dentists to modify treatment protocols for complex medical cases, ensuring safe and effective care delivery

Community Health Educator

UMass Boston & YMCA Boston · 2021 – 2022

- Led oral-systemic health presentations for 50+ caregivers of elderly patients, focusing on diabetes medication impacts on oral health
